Details of the pre-recorded Oral Presentation

Each student is expected to submit a Voice Over PowerPoint presentation. The presentation is your opportunity to discuss the work carried out for coursework 2. The presentation is worth 20% of the overall module grade.

The Voice Over PowerPoint presentation should:

1. Be a max of 5 minutes long.
2. Be exported as an MP4 file.
3. Clearly included your student Id and Name on each slide.
4. Have the following structure:
    a. An introduction to your data set (1 slide)
    b. A discussion of the data analysis and visualisation you have carried out. (1/2 slides)
    c. A discussion of your data mining algorithm (1 slide)
    d. A discusses the data mining you have carried out (1/2 slides)
    e. A discusses you overall conclusions. (1 slides)
